Since 1997, *Germination* has been serving the Canadian seed industry. From seed growers to cleaners to agri-retailers to seed trade, we bring Canadian seed professionals news on the issues shaping the industry.

Over those 25 years, media has evolved into something much more than just print publications and press releases.

Today, the digital platform is a fundamental part of any marketing campaign. The proliferation of the web has allowed advertisers to tap into a medium that offers creative solutions and gain access to our readers – your customers – in ways that go beyond traditional media.

Germination has that integrated approach. With multiple touchpoints, our readers can access seed industry information via our e-newsletter, video interview series, podcasts, website and digital magazine, all in addition to the tried-and-true print magazine. Advertising opportunities across the broad media group of *Germination* products can help you reach this lucrative audience.

Readers trust us, and we have seen a steady increase in readership of both print and digital content. *Germination* has built a solid understanding of the Canadian seed industry. It is focused on helping industry stakeholders develop their businesses and lead them toward success by covering the issues they face every day. Combine this coverage with the 10,000-foot level view of the seed trade market, and you'll see that *Germination* stands at the forefront of communication within this sector.
